

TECHNICAL RIDER | LIVE SHOWS | 2023

AUDIO:

- (2) Pioneer CDJ-3000
- (1) Pioneer DJM-900NX2
- (1) Laptop Stand (Size/Support for 14" Apple Macbook Pro)
- (1) Power Drop at DJ riser for Artist Laptop (120V)
- (1) Wireless Handheld Microphone
- (2) Monitor Wedges (Left and Right of DJ riser on floor)
- CDJ decks and mixer shall be linked via USB only. Artist carries laptop with Serato DJ Pro and will not be using rekordbox.
- Please ensure Pioneer CDJ's and Mixer are running the LATEST firmware!
- Substitutions of Pioneer models MUST be advanced with production contact at least 14 days prior to show.

LIGHTING:

- Standard set does not require any specific lighting cues, focus, etc. We just ask that a warm front light allows the artist to be visible during the set, in addition to whatever busking/programming the house LD has set.

VIDEO:

- Standard set does not contain any video content. Looping video file can be provided to venues for use on stage/venue video screens. For sets that have specific video requirements, production contact will be in touch with venue.

STAGING:

- DJ riser shall be skirted
- DJ riser/deck shall not be in a location that allows audience members to reach artist laptop, mixer/decks, or artist.

SECURITY:

- Parking shall be provided for (1) vehicle
- In addition to (1) artist credential, (2) additional credentials shall be provided for artist support/team.

HOSPITALITY:

- Internet shall be accessible in green room and stage locations
- STAGE
 - (2) bottles of water
